YOU'RE ABOUT TO EMBARK...

on the journey of
SELLING YOUR HOME

dear reader,

Thank you so much for reading what is the product of hundreds of phone calls, emails, and transactions. As a Listing Specialist, I've made it my goal to become a master of the home-selling process. Although there is always much more to be learned, I've put my best foot forward in making this experience as enjoyable and exciting for you as possible, with the least amount of hassle.

I've thought of every question I've ever received from sellers, and answered them all in the rest of this document. There is so much love and effort put into every single page, and I hope it brings you confidence so that you can move forward on what may very well be the biggest life decision you've ever made (no pressure).

I always appreciate feedback, comments, and further questions. This is literally what I'm passionate about, so please don't hesitate to reach out. I welcome you on this fun, crazy stressful yet so incredibly rewarding journey and can't wait to see you go from overwhelmed to empowered.

Wishing you success and happiness,

Ryan Gibbons

1 SO YOU DECIDED

it's time to sell your home

Usually when people decide to sell, it's because there are BIG things in store. Maybe you're ready to move into a bigger home because of a growing family, a new job awaits you in a shiny new city, or maybe your darling children have left the coop. Regardless, this is a big step - and not one that should be taken lightly. In order for you to get the most amount of money for the least amount of hassle, we've compiled this guide to... well, *guide* you. Step-by-step so that you can go from overwhelmed to empowered on your home selling process. Deep breath. You've totally got this!

IT'S TIME TO GET *transparent*

We want to be as transparent as possible. You do not need a real estate agent to sell your home. There are people who decide to go without, often referred to as for sale by owners. As much information as there is online about selling your home, there's also a lot the blogs don't tell you. That most for sale by owners lack the exposure of the multiple listing service, struggle to get full list price, be there for every showings, avoiding possible scams (unfortunately they exist), and to top it off, being completely overwhelmed with calls from unqualified buyers. Most agents are able to get their owners at least 6% more than if they were to sell themselves, therefore paying their own commission.

when in doubt

WRITE IT OUT

I've personally found it easiest to reflect on my 'WHY' when I use statements like the ones below. Take some time, put on a brain food playlist on Spotify and ask yourself these questions so that you can get crystal clear on what your overall outcome will be in this radical journey of homeownership.

we are deciding to sell our home because...

selling our home would allow us to...

NOW, FOR THE FUN PART

You fell in love with this home for a reason. Help us understand that. Reminisce on your journey through the home for the first time, paint a picture of every detail you fell in love with. That is what will help it sell. Of course people are looking for a certain amount of beds, baths, etc but *it's the small details that turn like into love into have-to-have.*

the features of the home we originally fell in love with are...

some upgrades we made are...

5 ALL ABOUT ESCROW

Escrow is actually a person, place, and thing in real estate. It's the neutral 3rd party that takes paperwork from all sides, handles the process of delivering funds to the appropriate parties, and works with a title company to ensure the deed is recorded in the buyer's name. Escrow is also a process in which all that is handled, and can take anywhere from 30-60 days, depending on how quickly everyone can work together. Below you will find an example timeline of a 30 day escrow. Please know, nothing is ever set in stone in escrow - it's a fluid timeline.

01

contract accepted

Pop some champagne! You got an offer and accepted it!

03

conclude attorney review

Once the contract is signed we enter attorney review where changes are made to the contract. Once concluded we are Under Contract!

14

home inspection period ends

The buyer has 14 days (by default unless otherwise negotiated) to conduct inspections and decide if you negotiate repairs and move forward or not. During this time they can back out and still have rights to their deposit.

30

loan contingency period ends

The buyer's lender has 30 days to collect documentation and to get full loan approval. If they fail to get approved, they can still back out as long as it's within the 30 days and they'll still have rights to their deposit.

45

certificate of occupancy inspection

In order to sell your home you need to get a certificate of occupancy. This is the town saying your home is fit to be sold. They will have all of the requirements to pass so be sure everything is up to par.

59

final walkthrough

Just before we close the buyer will walk through the property to ensure all requested repairs are done, and to make sure the property is in the same condition as it was when they submitted the offer.

60

closing

You will get paid and the buyer will get the keys to their new home.

what are

CLOSING COSTS?

Closing costs are the lender third-party fees paid at the close of a real estate transaction due at the closing (hint the name). The seller closing costs usually total 1% - 3% of the final sale price which includes:

attorney fees

paid to the attorney for their services

state transfer tax

may vary by location, and in some areas may not even be applicable

agent commissions

commissions to both listing and selling side for their work on transaction

mortgage balance payoff

the cost of repaying your home loan may include fee from mortgator

title search fees

an amount title charges to provide a document stating you are the owner of record

property taxes

depending on when your sale is complete you may have a debit or credit for property taxes

recording fees

paid to the county to record your deed in public records

home warranty fees

a cost of anywhere from \$250-1000 depending on size of home (if provided)

homeowners association HOA dues

if your home has a homeowner's association, you may have to pay transfer fees

**please note that closing costs will vary by state, county, etc. this is just to give you a general idea but does not cover all possible costs.*

7 AFTER CLOSING

checklist

So you sold your home and are moving on to your next adventure... Congratulations! Time to move all the boxes, and start the next epic chapter of your life. You've got a lot on your plate, so we want to highlight some important tasks that are necessary for a smooth, comfortable transition.

change over utilities

Although this is on the 'After closing checklist', we best recommend that you switch over utilities either day of/day before. Keep in mind internet often takes over a week to get scheduled/on the books.

- GAS
- ELECTRIC
- INTERNET
- WATER
- TRASH

update change of address at post office

This can either be done at the local post office, or by visiting the United States Postal Service Website.

update change of address at your bank

This can be done at local bank, or by making a quick phone call.

send introduction letter to your neighbors

We can even provide a template. It's always good to know and befriend your neighbors, as good ones always look out for each other!

LET'S GET STARTED...

now let's get the process started to
SELL YOUR HOME

Now that we have gone over the short version of how this process works its time to schedule an appointment to discuss your goals. While we have explained the basic process every home is different.

We look forward to meeting virtually or at your home to go over our strategy to selling homes which includes all of what we covered so far but also our marketing strategy, pricing strategy, and overall goals of the sale. We need to show you ou plan that gets 10,000 views of your home in just one week, and how we are typically able to sell homes quicker than other agents, for more money, and in less time.

Your goal is to move...our job is to get you there!
